

Unit 3 Grammar Worksheet 1

Name _____

Conditional Sentences Type 1

1 Read and circle the correct option.

Can teens really save the planet?

Yes, they can! Here are some ideas for teens to make positive changes that help the environment.

1. If teens ride the bus or a bike or carpool with classmates, they **reduce / will reduce** their use of fossil fuels and save money on petrol!
2. If teens **recycle / will recycle** their glass, plastic, metal and paper, they will send less rubbish to landfills.

3. If teens plant a tree in their yard, at school or in a public place, they **clean / will clean** the air and beautify their cities.
4. If teens turn off the water when they brush their teeth and take short showers, they **conserve / will conserve** water.
5. If teens **encourage / will encourage** their parents to buy LED light bulbs and solar water heaters, they will use less electricity and reduce air pollution.

2 Complete the sentences with the consequences.
